Project description:

a landing page for a company that sells window flowers kits.

The Colors and Strokes:

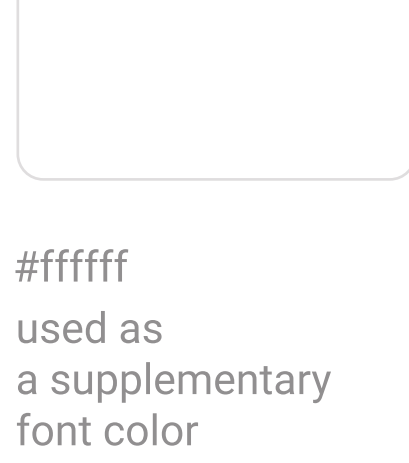

#004d47
used as a background
color for the first
screen and for icons

#e5c4bb
used as an accent
color

#1e1b1b
used as a main font
color

#ffffff
used as
a supplementary
font color

The Typography

For the project, we have chosen two font families:

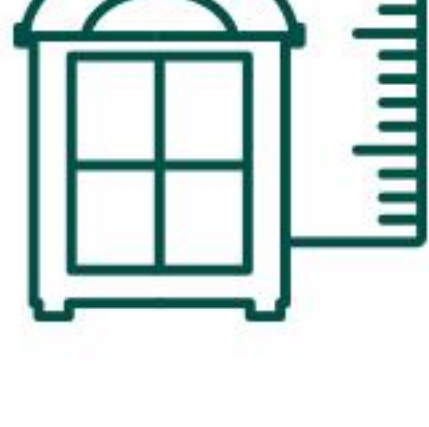

Зелень

Montserrat Black for the
headers due to its
attention-grabbing nature.

Модульные наборы растений.
Возьмите вид из окна в свои руки

Roboto for the main text.

The Icons

Take a closer look:

<http://zelen.webflow.io/>

The landing page was made up in Webflow.

Presentation

Project description:

final presentation for the Popel Education Design Course
with the results and achievements during the course.
This includes icons development, longread creation,
typography and composition.

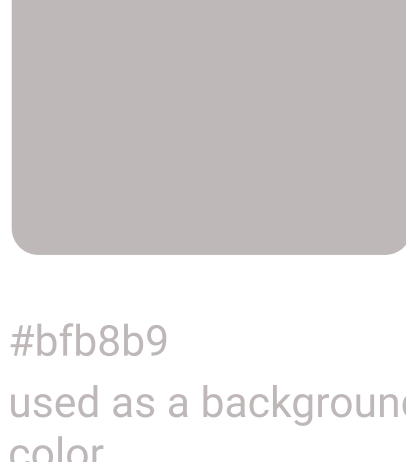

The Colors and Strokes:

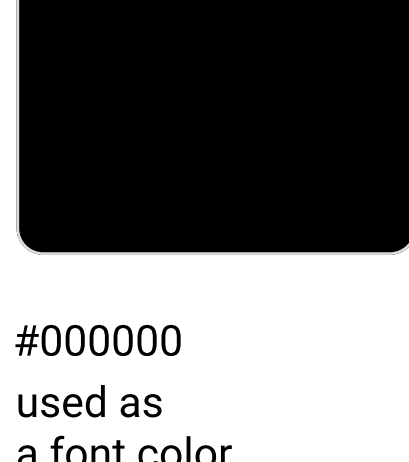

#e4a1b8
used as a background
color

#fce6d8
used as a background
color

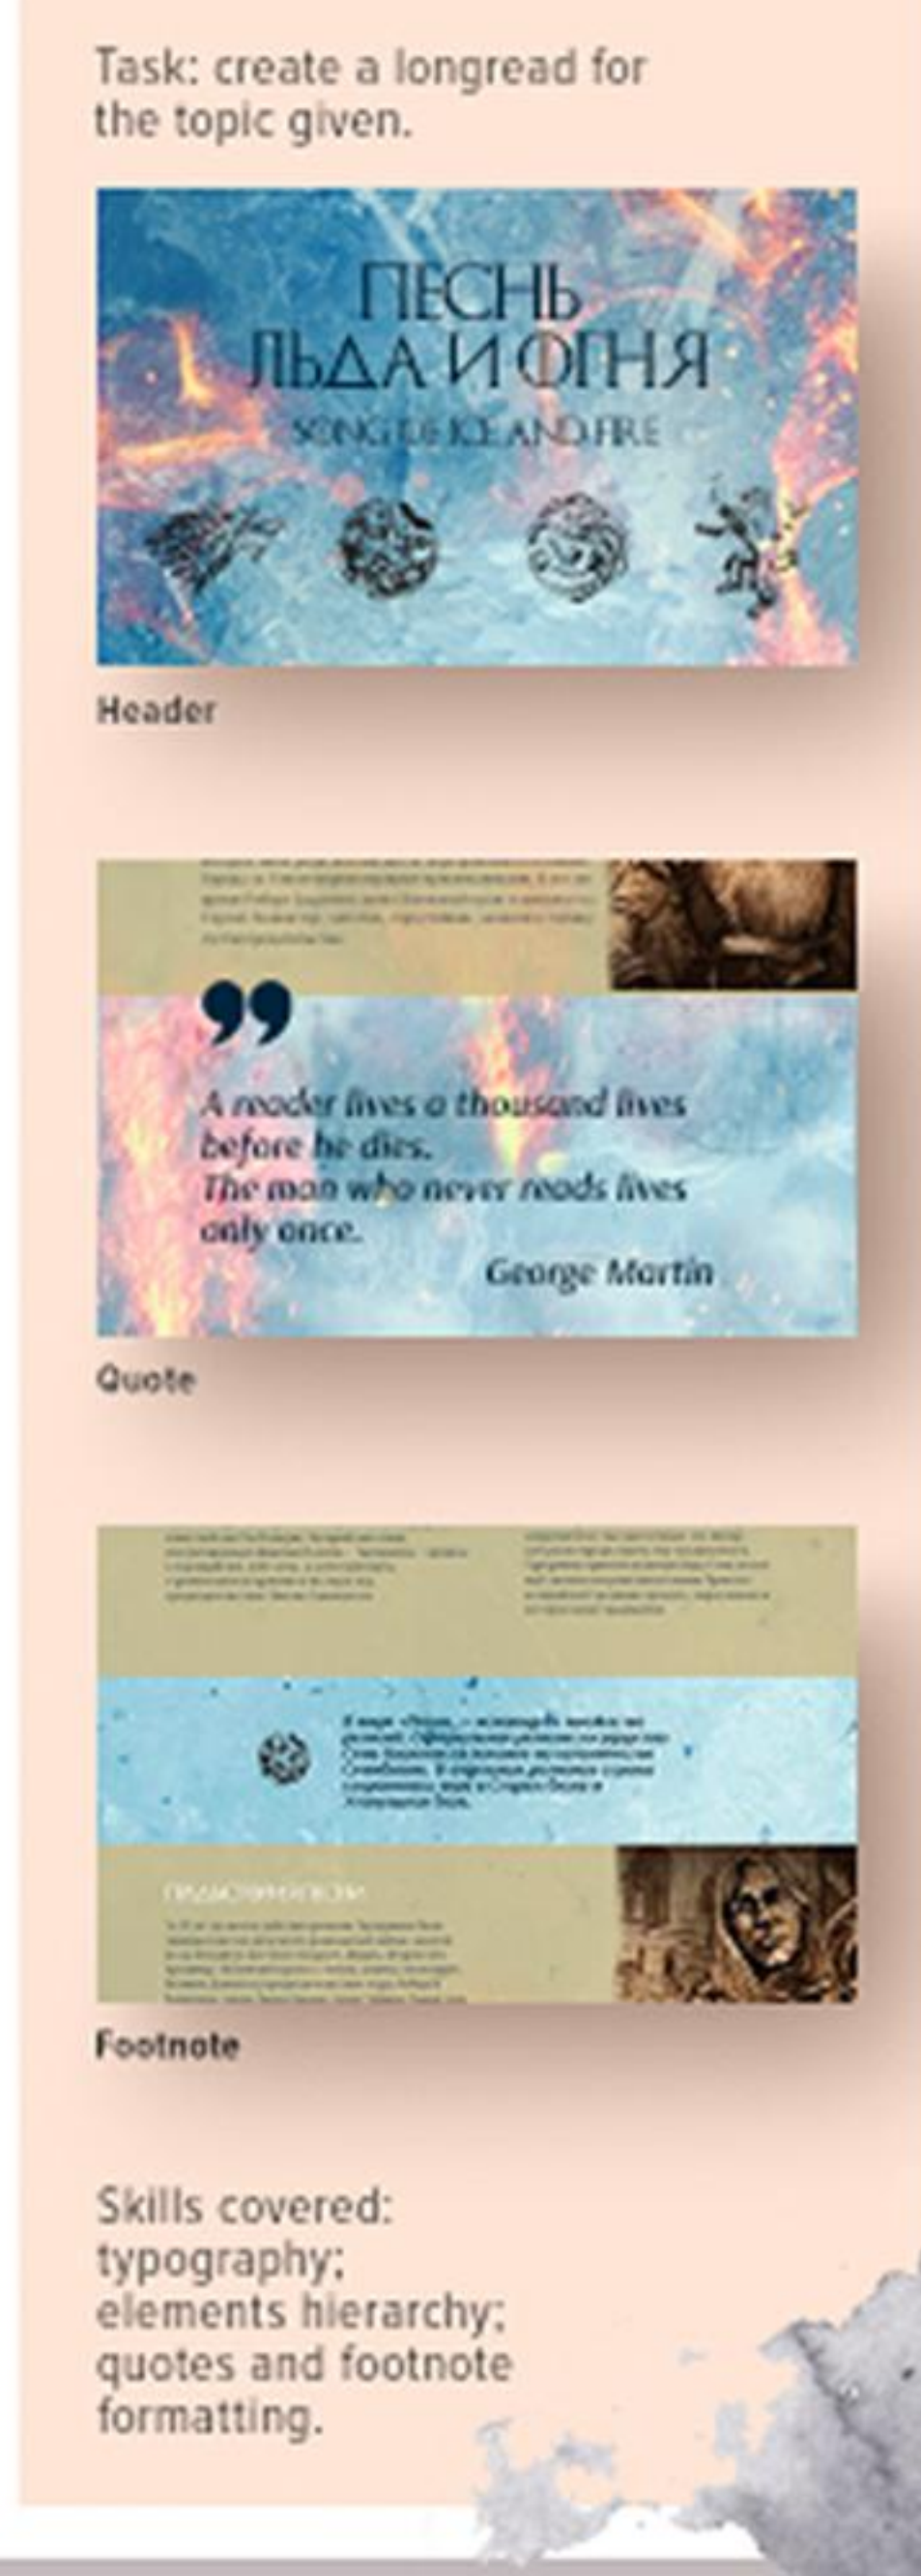

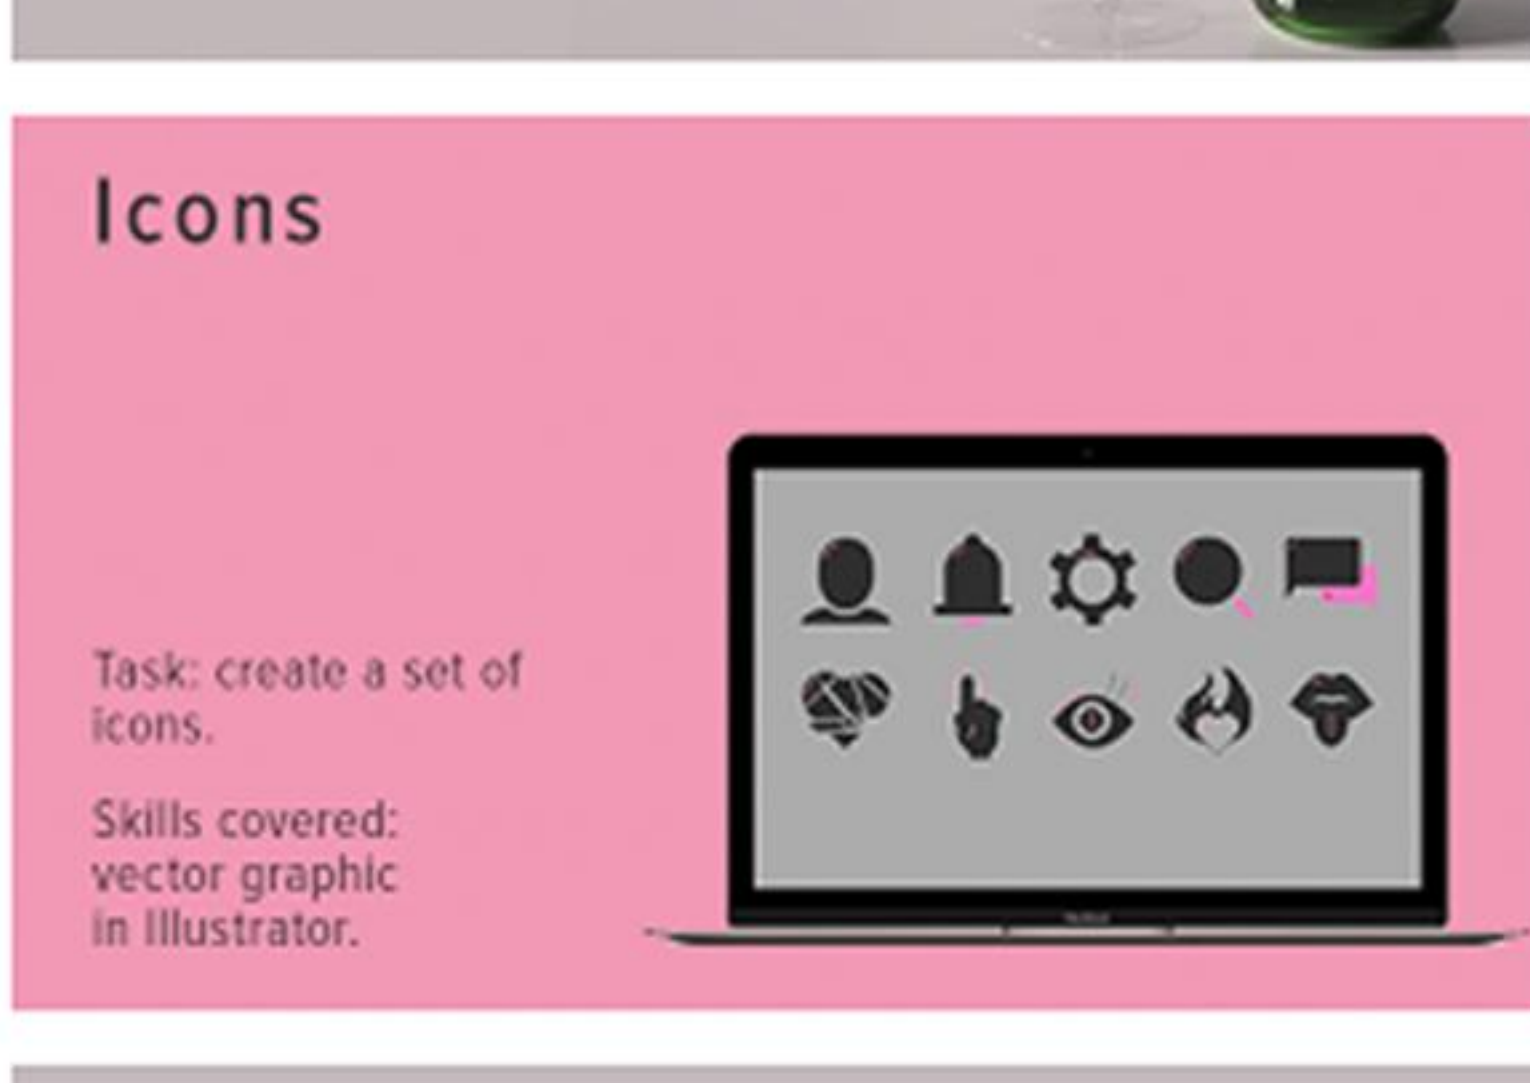

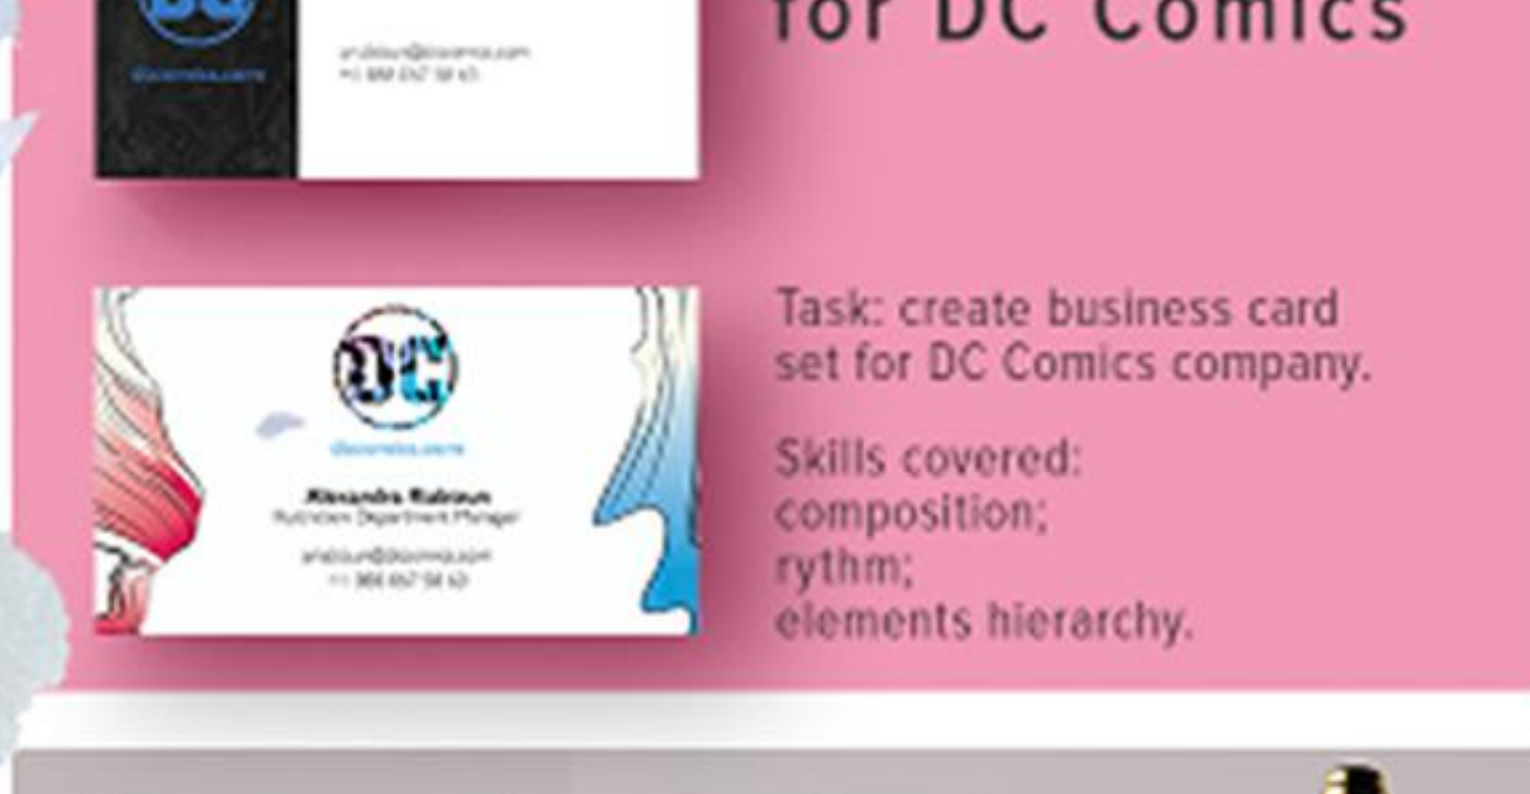

#bfb8b9
used as a background
color

#000000
used as
a font color

The Composition

What I've got to share
